

## COMPTON VERNEY

### Brief Description

Compton Verney House is a restored Grade I listed 18th century mansion surrounded by 120 acres of parkland which was landscaped by Lancelot 'Capability' Brown. The building houses an impressive art collection attracting visitors from around the world.

To improve the visitor experience, a new Welcome Centre has been built along with a new Grounds Maintenance Building and refurbishments to the Chapel.

Martin Thomas Associates were appointed to undertake all the Mechanical and Electrical Consultancy Work
